

Path to employment case study

silva

"This course was very valuable for me and I would definitely recommend it."

Yang Xuxia

Yang Xuxia was looking for a job and was unsure about her CV, application letters and interview technique. She felt she needed a confidence boost and some professional advice.

She searched online for CV help and found the Silva Homes Pathfinder programme.

Yang completed the Pathfinder course and is now working as a business analyst which she is finding absorbing and enjoyable.

Yang now intends to enrol on the Strive programme, designed to help people with a dream of starting their own business.

"The Pathfinder course was invaluable, it provided everything I needed and included a CV clinic, a covering letter guide, interview guidance and practice. It helped me to think about myself and the skills I could offer an employer."

"When I had put together all the tools the course gave me for job searching, I found I had much more confidence."

"The coaches there are so warm, helpful and interesting. They gave me professional, practical advice in a very happy environment."

"I thought I was clear about what I have done in the past until I couldn't answer questions from the coach. She made me think more about my value to a prospective employer and the correct way to describe my skills in an interview."

"The course was done very well and I am so glad I didn't miss out on this opportunity. I could not be more satisfied."

Customers can find out more about the Pathfinder programme by emailing community.investment@silvahomes.co.uk or calling the team on 01344 382800
